 Produced newspaper infographics for the Dallas Metro sections. Managed the office of the National/International News Desks.
- 1999** **Penn State University**  
 BA Telecommunications  
 University Park, PA

### ABOUT ME

Hello. I'm Steve Farris. I'm a multi-disciplined professional digital designer and illustrator based out of central Pennsylvania. I've worked in graphic design for more than 10 years in a wide range of capacities, but largely on a freelance basis. I have a solid background in digital pre-press production, branding & identity, photo/video editing, digital & hand illustration, as well as a basic working knowledge of HTML, CSS, PHP, and CMS sites.

I am an effective communicator with a genuine passion for designs which are engaging and impactful. Whether on my own or part of a team I can work equally well to achieve the best possible results for clients, customers, and employers.
